THE WARDROBE 60-SECOND CHECK.

IF YOU CAN'T VERIFY THE FIBRE — PUT IT BACK.

6 FIBRES TO RECOGNISE

-  **Leather / suede** — calf, lamb, nappa, nubuck
-  **Wool / cashmere** — merino, mohair, angora
-  **Silk** — mulberry, charmeuse, satin
-  **Down / feathers** — duck, goose, ostrich
-  **Fur / shearling** — mink, fox, rabbit
-  **Exotics** — python, croc, stingray

5 CERTIFICATIONS TO TRUST

- ✓ **PETA Approved Vegan**
- ✓ **The Vegan Society** Trademark
- ✓ **RWS** Responsible Wool Standard
- ✓ **GRS** Global Recycled Standard
- ✓ **FSC** for cellulose fibres (Tencel)

3 TRAPS TO AVOID

1. **"Faux"** labels containing real fur — rabbit fur is frequently mislabelled.
2. **"Natural"** ≠ animal-free. Silk and wool are both "natural."
3. **RDS down** doesn't prevent slaughter, just live-plucking. Birds still die.

5 QUESTIONS TO ASK

1. What's the composition label say?
2. Is the brand on Feral Femme's list?
3. What's the country of origin?
4. Vegan filter on the retailer site?
5. Could secondhand serve me here instead?

IF IT'S UNCLEAR

Default to **no**. The garment you didn't buy is the cleanest one.

NO BODY IN MY WARDROBE.
